President's Report

I hope this finds everyone well! It's October and the ghost and goblins will soon be upon us again. It's also the month for the beginning of archery season in the southern tier. Archery, well I need to thank the wives and significant others again for allowing their Bows to be early Risers to accomplish another successful chicken Bar-BQ, even though there was a lot of clucking and pecking with each other, a great time was had by all.

The covered pergola has been completed over

the table area on the archery practice range; this will also be the entrance to the archery practice range. Thanks Tadd, Jim Lomoglio, John DiMicheli, Jake DiMicheli, Paul Pritchard, Dick Reuter, Don DeLorm, Charlie "no hat", Carmen Alocco, Gary Kuhn, Jerry Secor, Chuck Jermyn.

October and November are busy months on the rifle range. Please remember the guest policy on the rifle range. No guests on Friday through Sunday starting October 24th through November 30th. You coop-

eration is appreciated by your fellow members. Be safe and enjoy your facility.

Fred Willette, Sr. will no longer be taking care of membership for the club. If you would kindly take the time to thank him for his efforts, I'm sure he would appreciate it, he will truly be missed. If you have questions with membership please contact me (330-1433), and I will assist you until a membership person is appointed.

~Wayne Cichetti~

Seminar News

Hey everyone! GCL is starting to attract a lot of interest in the seminar program we have been offering. In the past, we have hosted ballistics, archery, permit training, GPS and compass use, legalities, and more. I have been in contact with presenters to do seminars for AR-15, M1 Carbine, Long Range shooting, camping, fishing, and more. Keep an eye on the newsletter or the bulletin boards at the club for details on upcoming seminars.

If you think of an idea or seminar you would like to see, please contact me at 585-749-7650 and I'll make it happen.

~Dave Jenkins~

Can YOU Pass the New Certification Exam?

All new members must pass an exam before they receive their cards. Could you pass this exam? Each month we will ask a few questions from the exam. Check and see if YOU get the answers right.

- 1) What does the orange flag on the rifle range mean?
- 2) What is the proper way to hang targets on the indoor range

answers on pg 3

Conservation News

It's an exciting time of the year. I received the following email from the New York Department of Environmental Conservation announcing the schedule of public meetings all around NY. The subject is all about the state's deer management program, and the condition of Our herd.

Every hunter seems to have an opinion about deer populations. (good or bad) The state's management practices, season durations, antler restrictions and other issues concerning the conservation of deer. This is the perfect chance to provide your thoughts to our state biologists. I encourage you to speak up! There is a link below to a DEC website that will take your comments and concerns via email. If you can attend one of the regional meetings in person it would be even better. Read the email below, and ask yourself if this is an issue that your passionate about. This is your chance to be part of the management practices in New York.

Richard Winterman

Dear NY Big Game,

NYSDEC is interested in changes to the deer program that will enhance our ability to manage deer considering the many differences in regional deer populations, habitat conditions, and social interests. We recognize that there are many stakeholders interested in New York's white-tailed deer resource and that there are many challenges to successful population management. To help us prioritize the issues that are most important to NYS deer hunters and the public, we intend to hold a series of public meetings in September and October 2009.

To learn more and find a meeting location near you, see
<http://www.dec.ny.gov/animals/57795.html>

	Region 8	
Date	Location	Time

Check the calendar for matches before planning to use the ranges. During the weekend matches, indoor ranges are in use and closed during the match times. During evening matches, the indoor range is in use from 4:00 pm to approx. 10:00 pm and closed. * Indicates half range is open. Members are encouraged to participate and shoot in the G.C.L. matches during these times. The calendar times and dates are subject to change without notice. Please call the event coordinator to confirm time and dates.

Answers to the Certification Questions

- 1). It means someone has gone down to the 200 yard targets.....
- 2) Only use the GCL supplied target carriers.
